

CREECA Graduate Course List

Russian, East European, and Central Asian Studies

Fall 2023 (term 1242), Updated: March 27, 2023

Please note: Courses listed here are those at or above the 300-level (which is the minimum required for a course to count towards a graduate degree). The Graduate School at UW-Madison now requires that at least 50% of credits applied toward the program's graduate degree credit requirement must be courses designed for graduate work. All courses numbered 700 and above meet this requirement. Courses numbered 300-699 that carry the designation "Grad 50% Y" also meet this requirement, since they assess graduate students separately from undergraduate students.

Courses marked with* must contain 25% or more content area in REECAS to count towards the MA program, graduate certificate, or FLAS area studies course; please check with the professor to verify REECAS content of the course for the fall 2023 semester before enrolling and then get final approval from the REECAS graduate advisor, Jennifer Tishler (jtishler@wisc.edu)

Students: if you are interested in taking a course for REECAS that is not listed here, please contact Jennifer Tishler to discuss; some other thematic courses may be included on a case-by-case basis, with sufficient regional content.
